

HOW MUCH DOES IT COST TO JOIN THE CENTRE?

Your organisation will need to decide its contributions to the CSCRC.
Contributions can take the form of cash, staff in-kind and non staff in-kind.

CASH

Paid quarterly to the CSCRC, with a minimum annual contribution of \$75,000.

STAFF IN-KIND

Your staff time contributed to the activities (projects and administration) of the CSCRC and measured as full-time equivalents (FTEs).

NON STAFF IN-KIND

These are contributions of your organisation's non staff resources such as office space, IT systems access, materials or machinery use.

These contributions will become part of the Participants' Agreement and will also be notified to the Commonwealth. Your contributions will impact your share of any IP developed by the CSCRC.
